

Girls Year 5 & 6 Football Team 2022/2023

Over the past three weeks our amazing girls football team have been competing in a tournament against other schools around Chorley. The girls showed great character and determination throughout the 3 weeks and the whole of Buckshaw are extremely proud of all of them. The girls endured a tough first week where we drew one match and lost the next two. We put this down to this being the first time they had played together as a team. However, Mr Gambon and Mr Fairfield were not worried in the slightest as they knew the potential of this newly formed team. And in the following two weeks they showed their true potential by winning 5 of there last 7 games scoring numerous goals whilst being graceful in victory and defeat. Our MVP of the tournament was our captain Scarlet who scored several goals and also motivated the team on through the highs and lows like a true captain would. We managed to finish in the top 4 in our pool meaning we are invited to the finals. The Girls team lost 5-2 in their league finals playoff game but enjoyed the opportunity to compete. Well Done, Girls!
